FULL STACK SOFTWARE ENGINEER

January 2025 - PRESENT

- Designated lead for AI-driven engineering acceleration: architected the team's AI-assisted engineering harness (skill files, scoped context and token budgets, operating-mode guardrails) and mentored senior and principal engineers onto it as their default workflow.
- Technical SME for MCP (Model Context Protocol) server architecture, from proposal through production release.
- Owned end-to-end delivery of an AI audio feature: .NET services on AWS Bedrock and Polly for LLM-driven SSML synthesis, plus the Vue UI shipping transcript and smart-summary output.
- Built a GraphQL API over a knowledge graph, improving content discoverability across the platform.
- Designed Harness CI/CD pipelines in YAML for AWS Lambda and ECS deploys, cutting deployment time.
- Built an automated Playwright test suite covering smoke, unit, and integration tests.

SOFTWARE ENGINEER

August 2019 - January 2025

- Led the rearchitecture of a monolithic on-premises application into AWS microservices on Docker and Kubernetes.
- Owned custom haptic VR training systems for enterprise clients end-to-end as primary technical decision-maker.

Japan Exchange Teaching (JET) Program

Tokyo, Japan

ENGLISH LANGUAGE TEACHER

August 2018 - August 2019

- Taught 1,000+ elementary and 500 middle school students, adapting curriculum using self-taught Japanese (JLPT N2).

Projects

Agentic Engineering Harness (GitHub)

- Provider-neutral harness for autonomous coding agents across Copilot, Claude Code, and Codex: operating modes for supervised vs. unattended posture, plus a usage-limit-aware queue that resumes after rate-limit resets.

The Compounding Engineer (GitHub)

- SEO- and ad-monetized technical blog on Astro covering agentic harness engineering and self-directed learning.

Portfolio Site & Resume Pipeline (freddyshaikh.com)

- Single-source-of-truth pipeline: Python generators cascade one LaTeX source into the site, the PDF, and ATS / JSON Resume / LinkedIn exports, CI-verified with Playwright.

Certifications & Education

2026	AWS Certified Machine Learning Engineer - Associate, AWS Training and Certification
2025	AWS Certified AI Practitioner, AWS Training and Certification
2023	AWS Certified Solutions Architect - Professional, AWS Training and Certification
2018	Bachelor of Honors Science - Kinesiology, McMaster University
